

This pure Emu Oil Supplement is an excellent source of essential fatty acids including Omegas 3, 6 & 9. Omega 3 contributes to good heart and vascular health and is vital to a healthy body. Omega 9 is a known natural anti-inflammatory and can help support the health and movement of the joints. Emu Oil is easily processed by the body. Emu Oil has an excellent absorption rate and is 100% free of lead and mercury. Plant based essential fatty acids have been found to have a poor absorption rate in comparison to animal based essential fatty acids.

This product is 100% natural!
